CORRESPONDING SECRETARY'S REPORT.

Mr. PRESIDENT and FELLOW MEMBERS:-

It is most gratifying to me to be able to state that never, in the history of the Society, have so many letters containing inquiries regarding coins and medals been received, as during the past year from all parts of the United States, Mexico, Canada and foreign lands.

In the spring, a certificate of Honorary Membership and a Member's Medal, struck in gold, were forwarded to His Majesty Victor Emanuel III King of Italy, for which a most gracious and appreciative letter of acceptance was received from His Majesty.

If it is in order, I would call attention to a unique donation from Mr. George Inness, Jr., who some two years ago founded "The George Inness Medal" in memory of his father, the late George Inness, to be awarded to the painter of the best landscape exhibited at the N.A. The medal is by J. S. Hartley, and but two have been struck, both in gold, as awards.

Mr. Inness has most kindly allowed one to be struck in silver, especially for this Society, and I take great pleasure in presenting it to the Society on behalf of Mr. Inness.

All of which is respectfully submitted.

J. SANFORD SALTUS.

My President - Gentlemen

It gives me pleasure to report that the numismatic Collection of the Society has been greatly increased since the last Annual meeting.

From 46 Donors and purchases the Society has received the following:

Gold Coins	10.	Silver Medals	24.

A total of ~~1118~~ Pieces

deducting 130 pieces which are in duplicate there is an increase of over a thousand pieces to our collection which now numbers about twenty thousand <sup>exposed medals</sup> ~~pieces~~.

There has been received 47 unused Postage and Revenue Stamps, 40 Souvenirs of the Pan American Exposition, 2 of the Norwegian Centennial Celebration and 17 Badges & Pins of the Presidential campaigns.

A very useful addition has been a handsome and commodious Cabinet, its 44 drawers, with a surface space of over 114 square feet has enabled me to classify and arrange the new medals in a satisfactory manner.

The Presidential series of medals which is the most complete of any in our collection has been considerably augmented by a donation of 170 pieces from Mr Andrew C. Labadie who kindly permitted me to select pieces from his collection as were lacking in the Society's.

The same donor also presented 53 Silver Coins and a number of medals and Tokens.

To Mr J. Sanford Bates the Society is greatly indebted for his many valuable gifts to its Cabinet, notably 5 Insignia of gold among which is one of the Astor Club, 6 Foreign Gold Coins, a collection of 35 silver coins of France representing every Ruler from Hugh Capet to Charles X and covering a period of 840 years as well as a number of coins and medals.

the American Numismatic & Archaeological Society  
by George Inness Jr 1901." This is struck in  
silver and in that metal is unique.

A collection of <sup>223</sup>~~206~~ Sutter Chucks  
has been added to our collection of "Tokens  
of the Civil War"; issued by the Settlers  
of the various regiments of our Army  
during the Civil War they were a  
convenient medium of exchange. our  
Soldiers in camp, for mose supplied them  
by the settlers. and are now quite scarce.

My dear Mr. Helden,

Will you please substitute the enclosed copy of the Report which I presented at the Annual Meeting of the American Numismatic Archaeological Society, (as Chairman of the Committee on the Class in Coin & Medal Designing & Die Cutting,) for the one which is in your hands; and return the paper which you have. This differs, from the other copy, only, in that the word " Second " appears at the head of the top line, instead of " First." I did not remember that I had made a Report last year.

Also, there is a "small hole" in the copy which you have, which is advantageously omitted, in this one.

Sincerely yours,

*Dear Sir,*

*Enclosing herewith due acknowledgement of my receipt of your official communication, sent through Mr. E. D. Adams, under date of the 24th inst., I beg leave to say that I should highly prize for my own keeping a souvenir of the Prince Henry Medal, in the form of an impression specially struck for that purpose.*

*Mr. Adams informs me that medals in silver have already been struck up to the prescribed limit of 300 in number; and he suggests the possibility that it might be agreeable to the Society to cause a special impression to be struck for me in copper; in which event, I should be pleased to furnish enough metal of special production, obtained long ago by myself from the mine, either the Calumet and Hecla or the Anaconda, as may be preferred, and now*

in my possession as souvenirs of the development of the copper mining industry.

If this proposed action should be approved, I should be glad to furnish enough copper for two medals, one for the Society and one for myself.

Hoping that this proposal may be thought worthy of approval, I am

Committee on American Insignia

Mr. President & Gentlemen:—

Since the last ~~meeting~~ regular meeting the Society's Collection of American Insignia has received a number of accessions.

It is especially gratifying when the insignia comes as a donation from the Society to which it belongs and your Committee takes pleasure in reporting the receipt of the insignia of the Sons of Veterans U.S.A. (Officers' & Members' badges) Old Guard of Washington, D.C., and Farragut Naval Veteran Assn. of Phila. as donations from the respective Associations.

We have also received the gold insignia - large size - of the Military Order of Foreign Wars, as a permanent loan from that order, of course, it is much more desirable to ~~receive~~ have the Society actually own every thing in this collection, but, as the saying is, "Half a loaf is better than no bread" and so the Society is to be congratulated on the accession of this handsome and important decoration even though it is only a loan.

(2)

A number of other specimens have  
been received from various donors.

Your Committee labors under a  
disadvantage in having no money  
to spend for the purchase of specimens.

There are a number <sup>that are</sup> of most desirable  
and interesting, that could be obtained  
by purchase, whether the Society is  
ever able to secure them in any other  
way is a doubtful question, Your  
Committee ~~will do its best in that~~  
~~direction~~, would suggest, that if any  
of our generous members feel a  
desire, to help along the Society's  
collections, ~~if~~ donations to be used  
for the purchase of some of these would  
do real good.

The report of the Librarian respectfully shows:  
That since the March meeting the Library has received  
the following accessions:-

2	Bound volumes
2	Pamphlets
1	Periodicals
2	Catalogues
1	Miscellaneous

*to 11 62*

The moving of the Library has been accomplished  
successfully, and, so far as can be known, without the loss  
of any of the books. They have been placed on the shelves  
with some attempt at an orderly arrangement, but this work  
is still incomplete.

Having more room for the books here than we had  
in the Academy of Medicine Building, the Library should  
continue to grow both in size and in usefulness.

All of which is respectfully submitted.

N.Y. May 19th, 1902.

My dear Mr. Belden,

I have had another "set-back,"  
these last days, and cannot make  
out exactly what the trouble is; but  
I shall be unable to attend the  
meetings of the Executive Committee,  
and Society, of the Am. Num. & Arch.  
Society, this evening.

May I ask you to be so very  
kind as to present my apologies at  
both meetings. I should not fail,  
if I were in fit condition to attend;

and am much disappointed.

Sincerely yours,

My dear Sir:

Many thanks for enclosing to me the letter in regard to the Vidal-Quadras collection. I have known of this collection for a long time, but have recently heard that it was to be sold. I do not think that any one person or society would do well to purchase a collection such as this is, unless with the intention of combining it with the previous collection, and finding themselves with many duplicates. It is only partially along the lines of my own collection, which is entirely Spanish.

Again thanking you for your kindness in forwarding to me, and hoping that in the future when such matters are brought to your attention you will not forget my interest in this department of numismatics,

I am, believe me,

Very sincerely yours,

Dear Sir:-

I am exceedingly sorry that I was unable to attend the meeting last Thursday evening. It was my intention to have been present, but some friends called to see me shortly before eight o'clock and they remained so long, I found it would be impossible for me to be with you.

I would like to know what was done in regard to the matter of medals. I had already written you that I was perfectly satisfied with the report, and now I would like to know how we are going to raise the money to carry out the Committee's plans.

Yours truly,

Dear Sir:

I enclose you herewith an impression  
of a coin - that is on one side. The characters  
of the impression are not nearly as clear and  
distinct as of the coin itself. The coin itself  
being well preserved and in good condition.  
I have exhausted the knowledge of several of the  
large cities in Canada in an endeavour to find  
the nationality of the coin; but have failed  
to elicit the required information.

The coin was found here on the bank  
of the St John River and about a hundred yards  
or less distance therefrom. It was ~~found~~ <sup>discovered</sup> ~~about~~ <sup>about</sup> two  
years ago and has been in my collection since  
found at a depth of about four feet from the  
surface embedded in red clay. It would be  
~~found~~ <sup>discovered</sup> at such a depth, it must have been  
there hundreds of years so that it had never  
been dug up before.

Perhaps you can enlighten me as to nature  
and value of the coin. (See reverse  
Charles-Philippe - other side)

Sincerely,  
James Holland

I have received your favor of the 2nd instant, stating that your President had appointed me as a member of the Medal Committee, and I appreciate very much the honor conferred upon me, but regret that my engagements are such that it will be almost impossible for me to find the time to serve upon this Committee. WORCESTER, MASS., December 23, 1902.

To the Secretary of the American Numismatic and Archaeological  
Society, New York City,

Dear Sir:-

I hereby tender my resignation as a member of the American Numismatic and Archaeological Society, the same to take effect at the end of the current society year. I became a corresponding member of the society several years ago by election without my knowledge and have taken considerable pride in the honor of being a member of the society. Two or three years ago I was informed that I was elected an active member of the society and have been pleased to be such, but as I am at a considerable distance from New York and have never had a practical opportunity to attend its meetings I have concluded that the burden of paying dues is rather too great to warrant my continuing as a member. If I were nearer to New York City I certainly should desire very much to continue as an active member.

Thanking the society for its consideration, I remain

Respectfully yours,
